Basics of Law. Practicum – Kostanai, 2017. - 86 p.

The "Basics of Law" is a systematic course that covers the basics of legal theory, the legislation of the Republic of Kazakhstan. The subject of the study of the "Basics of law" are the foundations of the theory of state and law, revealing the concepts, principles and laws of the origin and development of the state and law in their interrelation as well as the concepts and principles of the leading branches of Kazakhstan law.

The purpose of the practicum is to help students to learn better, systematize and consolidate the material covered, acquire knowledge and skills necessary to make legally right decisions. The practicum is focused on the sectors any individual and citizen encounter most frequently in their life: family, labor, civil and other legal relations.

The "Basics of Law". Practicum is intended for students of non-legal specialties.

Approved and recommended by the Educational and methodic council of the A.Baitursynov Kostanai State University, «20» января 2017 г., протокол № 1

# ECAP

Co-funded by the  
Erasmus+ Programme  
of the European Union

## Development of Human Resources

### Competencies:

- **Lecturers:**

- methodology competencies
- language skills
- innovative teaching methods
- managerial competencies
- team work skills
- examples of foreign educational resources (lections, practical)

- **Students:**

- language skills
- innovative teaching methods
- general competencies

Growth of activity of teaching staff and students in educational projects,  
incl. in English.

# ECAP

Co-funded by the  
Erasmus+ Programme  
of the European Union

## Internalization of education

Promotion of internalization of education – by development of language skills:

- Learning of Teaching staff
- Learning of students

During the implementation of the project, 2 students and 1 master student were trained abroad (Poland, Czech Republic).

# ECAP

Co-funded by the  
Erasmus+ Programme  
of the European Union

## Financial sustainability

- The source of financial and organizational support to ensure the sustainability of the project results is the university
- In the medium and long term after the end of the EUAP project, training is provided through contracts for educational services with private enterprises, state organizations, and individuals.

# ECAP

Co-funded by the  
Erasmus+ Programme  
of the European Union

## Risks

- Low interest of students to distance courses

Decision:

- Support for interest in remote courses from local stakeholders through media coverage, mass events,
- assessment of the needs of small and medium-sized businesses in courses on training or retraining

# ECAP

Co-funded by the  
Erasmus+ Programme  
of the European Union

## Multiplicative effect

Institutional level:

- Dissemination of pedagogical competencies in the application of new teaching methods at other departments of the University (HSF, EF, FIL)
- Application of distance courses developed at the Department of Agronomy.
- Use of new teaching methods and updated lectures / practical works in the educational process of students of specialties Agronomy, Jurisprudence, Economics

National level:

- Dissemination of the experience and results of the project through the media, ENO, etc.

# Thanks for attention
